## Wind Slabs Breaking on Test Slopes

The Ramp
Bridger Range
12/24/2023
Code
SS-ASc
Latitude
45.82880
Longitude
-110.93100
Notes

At the ridgeline above the Ramp, freshly formed wind slabs were easily triggered on a test slope. Cracking in these freshly formed drifts was also seen in any wind-loaded location.
