Beehive - top Tyler's

Madison Range-N Sun Feb 11 11:17 2018 MT

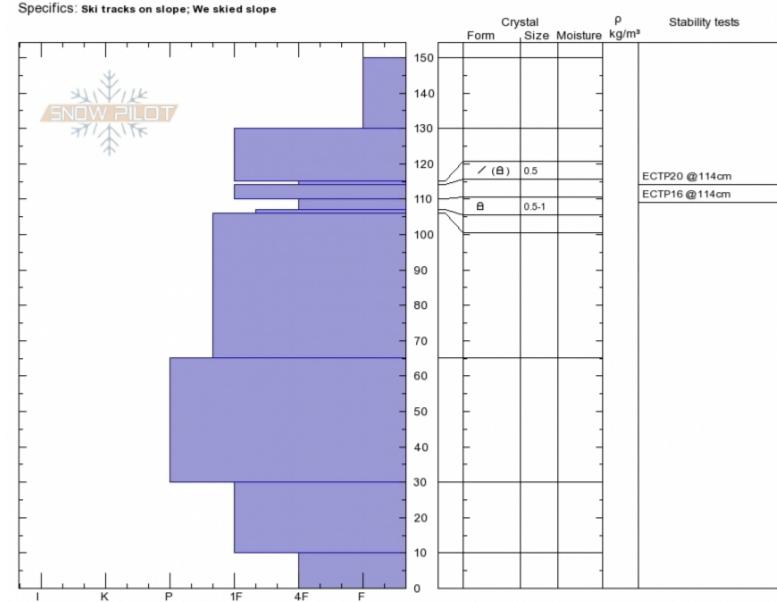

Co-ord: 45.32335N, -111.38217W

Alex Marienthal

Elevation: 9080 ft Slope Angle: 35°

Aspect: 240° Wind Loading: previous Stability: Fair Air Temperature: Sky Cover: CLR Precipitation: NO HS150 Stability Test Notes Layer No 114-115:

Wind: Calm

Notes: Pit in Middle Basin was HS 175 and ECTN18 on NSF/MFCx 40cm down. ECTP in this pit was a surprise and not on a clear visible into looked like decomposing/framented. Maybe under old wind slab. Skied steep, but conservative terrain lower on slope.
