

Middle Basin Avalanches

Middle Basin

Northern Madison

2/8/2021

Code

SS-N-R2-D2-I

Elevation

9500

Aspect Range

NE-SE

Latitude

45.33740

Longitude

-111.38100

Notes

From email: "Went out in Middle Basin north of Big Sky today and saw 5 separate slides, the largest about 500ft across and approximately 2ft deep. All of them were northeast to southeast aspects from about 9200 to 9800ft. The included photos aren't the best but give an idea of the slides, most are from that largest [slide](#)."
